

crystals have a slight shine and glow to them

Stalactites on the roof of the cave suggest that it is incredibly old

CRYSTAL CAVE

- Centre of cave is lighter in shade compared to the outside to draw your eye to the middle.

-2 Point perspective. focal point is the bend in the track

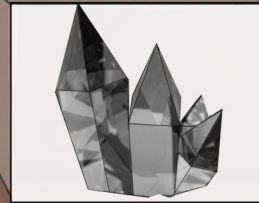

-abandoned minetrack within the cave which is dark and gloomy to give an eerie vibe.

-large rock at the front right to make your eye focus more on the centre

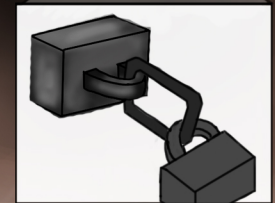

-lots of crystals left unmined. Suggesting that something bad must have happened for people to have left everything behind

MINE CART

Each mine cart can carry lots of heavy cargo, This minecart was used in a crystal cave. Others can hold gold, coal and various other precious materials.

The front mine cart is equip with two metal bumpers which are used to protect the front of the cart and for when it stops at the end of the rails

The cart is joined together in a link and chain system. A chain joins on the back hook which is how other carts can be linked together.

This an example of how the minecarts link together. You can see the chains inbetween each cart and the bumpers at the front.

CRYSONIAN

ABOUT

CRYSONIAN IS A MYSTICAL CRYSTAL WARRIOR FROM DIPOTASIAM. HE IS THE RULER OF THE CRYSTAL KINGDOM. CRYSONIAN WAS FORMED THOUSANDS OF YEARS AGO FROM A MAGICAL CRYSTAL KNOWN AS DIPOTASE ALONG WITH A COLONY OF DIPOTASIAM CITIZENS WHICH HE PROTECTS AND RULES OVER.
